At Specialised **Technical Services LTD**, we recognize our duties under the health and safety legislation and we will endeavor to meet the requirements of this legislation and maintain a safe and health working environment. Our managers, Supervisors and foremen shall be informed of their responsibilities to ensure they take reasonable precautions, to ensure the safety, health and welfare of those that are likely to be affected by the operations of our business.

Specialized Technical Services recognizes its duty to make regular assessment of the hazards and risks created in the course of our business and also our duty as reasonably practicable:

- ❖ To meet our legal obligations to maintain safe and healthy working conditions
- ❖ Provide adequate control of the health and safety risks so identified and consult with our employees on matters affecting their health and safety
- ❖ Provide and maintain Safe plant, Equipment, Safe handling and use of substances
- ❖ Provide information, instructions, Training and supervision where necessary for our workforce, Suppliers, Providers and Subcontractors.
- ❖ Encourage our workers to comply with any reasonable directions(such as safe work procedures, accident reporting procedures & Use of Personal protective equipment).
- ❖ Workers ensuring their own personal safety and that of others in the workplace.
- ❖ Ensure all workers are competent to do their work to prevent accidents and ill health at work
- ❖ Provide the resources required to make this policy and our health and safety arrangements effective.
- ❖ Cooperate and work with other employers when we work at the site under their control to ensure the continued health and safety of all those at work

To achieve our objectives, and ensure that our employees recognise their duties under Health and safety legislation whilst at work, we induct them and inform them of their duty to take reasonable care for themselves and others who might be affected by their activities.

We seek the co-operation of all workers, customers and other persons. We also encourage suggestions for realizing our health and safety objectives to create a safe working environment with a zero-accident rate
